

## Community Policy

**SENTIDO Palm Royale Soma Bay** has a dedicated responsibility towards the support of the community as a 5 star resort in Egypt, in which it is operating and therefore has a policy for its social contribution.

### **“We can make a difference”**

- We are striving, through our sustainable purchasing policy, to support the local market, suppliers and farmers
- We are promoting local goods, events, festivities and attractions
- We provide fair opportunities of employment in our property, without any discrimination, in compliance with the local law and by protecting children from any kind of exploitation
- We are providing environmental training for all our staff to raise awareness
- We give donations, buy items from handicapped workshops and invite orphans to our premises
- We support NGO's like HEPCA in their social and environmental engagement and take part in “Clean Up Days” in touristic areas, as well as we conduct clean up days within the premises on regular base
- We provide a booklet in each room for guest's information about the country, marine life, attractions and culture
- We are members of a sustainable tourism program by being a Travelife certified Hotel, minimizing the negative impact on the environment and strive for positive influence on the community through our business.
